

LET'S REDEFINE THE FUTURE OF WASTE MANAGEMENT

COMPANY PROFILE

BIREXCHUTES.COM

COMPANY OVERVIEW

BIREX Chute Trading Company, based in Qatar, specializes in advanced waste management systems. Our expertise covers the design, supply, installation, and maintenance of garbage and linen chutes, as well as a wide range of integrated waste management solutions. These include food waste composting machines, compactors, balers, and other waste handling products and services.

With years of proven experience serving the Qatar and Lebanon markets, Birex is dedicated to delivering high-quality, reliable, and sustainable solutions for residential, commercial, and industrial projects.

We offer comprehensive AMC (Annual Maintenance Contracts) and specialized services for chute systems and Automated Waste Collection Systems (AWCS). Our expertise also extends to providing waste reduction solutions, recycling products, and specialized support to help clients achieve efficient and **eco-friendly waste management practices**.

CHUTE SYSTEMS

chute system solutions tailored to high-rise buildings, hospitals, hotels, and commercial facilities—offering fire-rated, stainless steel **garbage and linen chutes with smart integrations and full AMC support.**

GARBAGE CHUTE SYSTEMS

Efficient **vertical systems** for waste disposal in high-rise buildings, hospitals, malls, and towers.

- Made of SS304 or GI
- Custom diameters (300mm–600mm)
- Certified fire-rated hopper doors
- Integrated with RFID or smart access control (optional)
- Sorter (2, 3, 4, 5)

LINEN CHUTE SYSTEMS

Hygienic and fire-safe linen disposal system for hospitals, hotels, and laundry-intensive facilities.

- Fully enclosed stainless-steel shaft
- Push-door or interlocked access
- Fire-rated doors and silencers
- Odor and heat control
- UV sanitization options

COMPOST MACHINES FOR FOOD WASTE SOLUTIONS

Create compost fertilizer easily from organic food waste generated at home with a domestic compost fertilizer machine.

WASTE LESS. DO MORE.
BUILD GREENER

Rapid Composting

Transforms food waste into usable compost in 24-48 hours.

Odor-Free Operation

Transforms food waste into usable compost in 24-48 hours.

Energy Efficient

Low power consumption, automatic shutdown features.

IoT Integration

Smart monitoring and data logs via mobile dashboard

Built for Commercial Use

SUS304/SUS316-grade stainless steel casing.

Smart Processing

Optimizes cycles based on waste input type.

Your daily food waste isn't just trash – it's an untapped resource. BIREX Solutions empowers businesses, municipalities, and developers to adopt smart composting systems that turn leftovers into landscaping gold. Cut hauling costs, boost your eco-credentials, and achieve sustainability targets with minimal effort. Ideal for hotels, malls, universities, hospitals, and mega kitchens.
